MONEY DETECTOR

ITEM DP2158A

- SERIAL CABLE FOR SOFTWARE UPGRADE
- RECHARGEABLE LITHIUM BATTERIES SUPPLIED AS STANDARD

CE RoHS Manufactured for Mediatel Trading Europe S.r.l.

Made in China

SMART is an automatic note detector that checks Euro notes in four directions of introduction.

Thanks to its technology, **SMART** reads the safety thread on all Euro notes and the infrared ink.

SMART is supplied with a serial cable for software upgrading and with rechargeable lithium batteries.
